LEARNING FOR LIFE

### About ALC Training

ALC Training provides churches, schools and ministry groups with training <u>customised</u> for their ministry context.

We also work with a number of church agencies to host <u>online learning</u> modules.

Previously offered under the banner of Grassroots Training, ALC Training works with clients to meet their training needs. All of our training content is presented with a Christ-centred focus.

We design our training so that it is presented in a relaxed environment, delivered interactively, and able to be put into practice immediately. ALC Training options are a great way for individuals to feel better equipped for ministry, and to obtain more tools for your ministry toolbox.
