

ALC Fee Setting Policy (Education)

Policy

Students at Australian Lutheran College (ALC) are charged higher education fees according to the schedule published by the University of Divinity, and VET fees as-established by the RTO, Adelaide College of Divinity.

ALC sets its own fee for auditing of higher education units and VET subjects.

Specific fees

Tuition fees for Higher Education

Students studying at ALC are enrolled with the University of Divinity (UD). In accordance with government regulation, the University publishes its tuition fee schedule annually. These are the fees students at ALC will pay.

Notes:

- Eligible students are able to access financial assistance via the government's FEE-HELP scheme.
- Students studying as approved church worker applicants may apply for assistance from the LCA Student Fund under the rules of that Fund.
- All currently enrolled University of Divinity students (domestic and international) who have successfully completed at least one unit of study who are subject to financial hardship are eligible to apply for bursaries toward tuition fees or related expenses. Refer to the [Bursary Policy](#).

Tuition fees for Vocational Education Training (VET)

Students studying at ALC undertake qualifications and subjects accredited by the Adelaide College of Divinity, which sets fees for VET students, and publishes them on an annual basis.

Note:

- FEE-HELP is not available for VET students studying the Certificate IV course with ALC.
